THE FANTASTIC ETOWAH RIVER TUNNEL AND 160+/- ACRES! The only gold mining Tunnel of its kind in the entire United States with a river flowing through it - and with the shoal-noisy and strong-waters of the Etowah River flowing through the property as well. Acres of grassy and open park-shaded fields, clear-watered creeks and tumbling waterfalls, an engineered island, river crossings, groomed roadways traversing the property, Blue Ridge Mountain views, cold springs, clear ponds, scenic foliage; all the finest amenities the North Georgia Mountains have to offer. Great access and totally protected. And the location – about 15 minutes from dining, entertainment, theater, and the North Georgia Premium Outlet Mall, is oh-so-convenient to the Metro area but a world away. One owner for the last three decades. \$8,500 per acre.
